

TechGeneration

Current Schedule of Events (More to Come):

Kick-Off Reception – June 2, 2026 6-8PM

Kick off your summer at a lively reception with great food, new connections, and the chance to meet fellow interns and industry professionals in a relaxed, high-energy setting. This is where your future in Massachusetts begins.

Abilities: Amplified-June 3, 2026 6-8PM

Gather on the esplanade for a free event celebrating music, technology and people with disabilities. Attendees can connect with local organizations, discover community support networks, and get hands-on experience with cutting-edge technology, including wearable robots like those developed in the Harvard Biodesign Lab.

Harvard University Ideas in Motion: A Conversation with Conor Walsh –

June 4, 2026 4:30-7PM

An interactive keynote with Dr. Conor Walsh (Director of Harvard Biodesign & MOVE Labs) and small-group discussion session where interns learn how research becomes real-world technology, explore diverse tech career paths, and gain practical insights from academics, founders, and industry professionals.

Boston University Career Readiness & Tactical Prep Workshop –

Week of June 8, 2026 Time TBD

A professional development session that prepares interns for the job market by building skills in AI-assisted resume writing, technical interviewing, offer evaluation, and financial planning, while providing direct insight from industry professionals on employer expectations and hiring practices

MIT Martin Trust Center Venture Creation Workshop – June 17, 2026 3-6PM

Jump into a fast-paced MIT entrepreneurship hackathon where you'll team up, build a startup idea from scratch with expert mentors, and pitch it to real entrepreneurs for a chance to win prizes.

Massachusetts Technology Leadership Council Boston Innovation Trail Scavenger Hunt – June 25, 2026 5-7PM

Explore Kendall Square in a high-energy team scavenger hunt—solving clues, uncovering Massachusetts innovation history, and competing for prizes—then kick back with your TechGen cohort over pizza.

Northeastern University AI Tools & Data Literacy Workshop –

June 30, 2026 4-6PM

Build real-world AI skills in a hands-on workshop where you'll explore cutting-edge tools, learn to work with data, and see how these technologies are shaping industries right now.

MIT EnRoads Climate Policy Simulator – July 15, 2026 4-7PM

Step into a high-stakes, UN-style climate summit where you'll role-play global power players, negotiate real solutions using MIT's En-ROADS simulator, and compete to build a plan that can actually keep global warming below 2°C.

Boston University Career Success & Navigation Workshop –

Week of July 27, 2026 Time TBD

A professional development session that equips interns with the interpersonal, strategic, and adaptive skills needed for long-term career success, including communication, relationship management, navigating workplace challenges, and understanding differences between startup and large company environments.

Northeastern University Transitioning from Internship to Career Workshop – August 3, 2026 4-6PM

Turn your summer into a career springboard with a hands-on workshop that helps you translate your experience into real opportunities, map your path in tech, and learn what employers are actually looking for.
